## School Sports Premium Statement Review 2018-19

18/19 School Games Review –  
Expected Gold.  
To be externally assessed in  
September 2019.

### SPORTS GRANT HISTORY

In March 2013 the government announced that it was to provide additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools in England – The Primary PE and Sport Premium.

This funding is allocated to primary school head teachers. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

- In the Autumn Statement 2013, the then Chancellor, George Osborne announced an additional year's £150m extended funding, taking the total investment to the end of the 2016 academic year.
- On 6th February 2014 the then Prime Minister, David Cameron committed to continue the funding for the Primary PE and Sport Premium until 2020. • On the 17th July 2015 the Department for Education announced that 2015/6 funding will remain at the same level as last year. • On 21st September 2016 the Department for Education released its grant conditions for 2016/17.
- On 24th October 2017, the Department for Education published new guidance on the doubled Primary PE and Sport Premium grant. Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

The following document is a review of the 2017-18 spend; our action plan for 2018-19 according to this and a review of our progress this year. The results of this will be action planned in September 2019 in line with future funding.
